RELIGIOUS FESTIVAL -Yesterday was cele brated in the Catholic Church throughout the world, as the "Feast of the Assumption of the Blessed Virgin." Though neither the time nor place of her death is certain, she is generally thought to have died at Ephesus, at the age of seventy two, and whilst the matter has never been expressly defined, occupying in this respect, the position the "infallibility" question did, before the Eumenical Council, it is universally believed among Catholics that not only her soul was received into Heaven, but that her body, also, was soon after united to it. A festival in honor of this event has therefore been colebrated since the eighth, if not since the sixth century though not always under the same name. It was kept, originally, on the 16th, and afterwards on the 18th of January, but was subsequently transferred to the 15th of August. Services were held in St. Mary's Church at 7, 11, and 4½ o'clock, the altar being beautifully decorated, and the orient behind it being lighted up, which is instant. done only on the great festivals.

THE CANAL -The break in the canal, near Point of Rocks, having been repaired, yesterday at ten o'clock the first two coal boats, for several days, reported at the register's office from Cumberland. There are about 250 coal laden boats on the way here, and by Wednesday or Thursday morning the whole fleet will have arrived. Owing to the accident to the canal the docks of the Borden and Cumberland Coal and Iron Companies, also that of Ray's, have been cleaned dry of the "black diamonds," but in a day or two they will commence filling up again. The demand for coal, however, for coastwise shipment is only fair at present, and we do not notice more than a dezen schooners in port awaiting car The price of Cumberland coal for run of mine is still \$4.25@4.50 per ton. - Georgetown cor. Washington Rep.

Dogs. - An unknowa individual, indignant at the strategic stroke played by the dog squad yesterday, by which unsuspecting animals, which had been allowed their liberty after weeks of confinement to avoid the requirements of the dog law, had been caught and carried to the pound at the Poor's House, went there the Captain obtained pilots license and paid last night, and favored by the Plutonian yells the cost of the warrant. and clamor of the imprisoned curs, broke down the door which confined them, and restored them their liberty. The care was again on its in Petersburg and two of the parties engaged rounds this morning, and many a dog of high were arrested. With this exception the city and low degree has been surrounded by the fatal net and carted off to the pound. Of all these caught since the cart re-commenced its rounds, but two have been redeemed by their owners. It is said that upon the arrival at the pound of every new lot of prisoners the howling barking, snarling, fighting and general fuss exceeds anything ever before heard in that TOURNAMENT.

ROBBERY .-- Policemen Smith and Clapdore, on their beat around the wharf last night dis covered the door of Captain James Smith's store, at the ferry slip wide open. The Captain being sent for, imspected the primises and found that the only loss he had sustained was about four dollars in fractional currency in five cent pieces, stolen from the money drawer, which had been broken open. It is supposed that the thief was concealed in the store when it was locked up yesterday evening.

An attempt was made by three men to rob the premises of Mr. George Bossart, in the ex treme Northwestern section of the city, last night, but the watch dog broke his chain and made at them in such a furious manner that they scrambled over the fence and made off as rapidly as possible.

## SPECIAL NOTICES.

Sound Logic for the Sick. The invalid has often good reasons to exclaim, save me from my friends." As a general thing, each of them will have a different medicine to propose, and if he follows all their processitions in turn, their well meant advice may be the death of him. The only sensible course in any case of sickness is to resort promptly to a specific which has stood the test of a long and widely extended public experi-nce, and obtained on solid and sufficient grounds the reputa-tion of a Standard Remedy. This rank among the restoratives of our day belongs of right, and beyond all dispute, to Hostetter's Stomach Bit ters. Let those who are taking it at this debiti-tating sesson as an invigorant answer for themselves as to its tonic properties. Can any dyspeptic, who has ever used it, question its superiority as a stomachic over every other medi-cine? Can any person of bilious habit, who has ever taken it for liver complaint, doubt its efficiency? It is believed among the tens of thousands who are now using, or have heretofore used it as an alterative and corrective, not one can be found who would exchange it for any other preparation in the known world.— For intermittent fevers, nervous debility, constipation, sick stomach, and all complaints arising from indigestion or impoverishment of the blood, it is the only article which can be conscientiously guaranteed, and no can who is thoroughly acquainted with its virtues will al-low interested dealers in worthless slops, on which they make a larger profit, to furnish them in the place of the great vegetable restoraug 15-eol w
